## Arbre Blanc Residential Tower - Montpellier

Arbre Blanc Residential Tower is a tree-shaped building that stands as the symbol of modernity in Montpellier, in the south of France. Hammer suspended lamps in metal provide spot lighting on the tables of the restaurant on the top floor of the new building.

## Banque Postal – Paris

Heir to La Poste Financial Services, Banque Postale is a bank like no other. Orb suspended lighting has been chosen to illuminate the new spaces of the restaurant area.

## British Airways - Singapore

The warm, embracing light of the Loto suspended lamp in pleated fabric permeates time in the British Airways Lounge at Singapore airport. A large shade takes on a graceful shape and acts as a decorative element

## Business Center - Budapest

CLIP suspended lamps with direct and indirect light and IDEA wall lamps to illuminate the spaces of Business Center in Budapest, designed by Solinfo Group.

## Central Company – Tel Aviv

Campanone suspended lamps, in polyethylene and with clean lines, are ideal for both indoors and outdoors. Perfect for the lighting project of Central Company in Tel Aviv.

## Doris Bader offices - Luzern

New office spaces of the real estate agency Doris Bader in Switzerland, lit by ELLISSE suspended lamps. Where voids and volumes meet in a constant interplay of opposites that merge together, combining the transparencies of plastic materials with the colours of the fabrics.

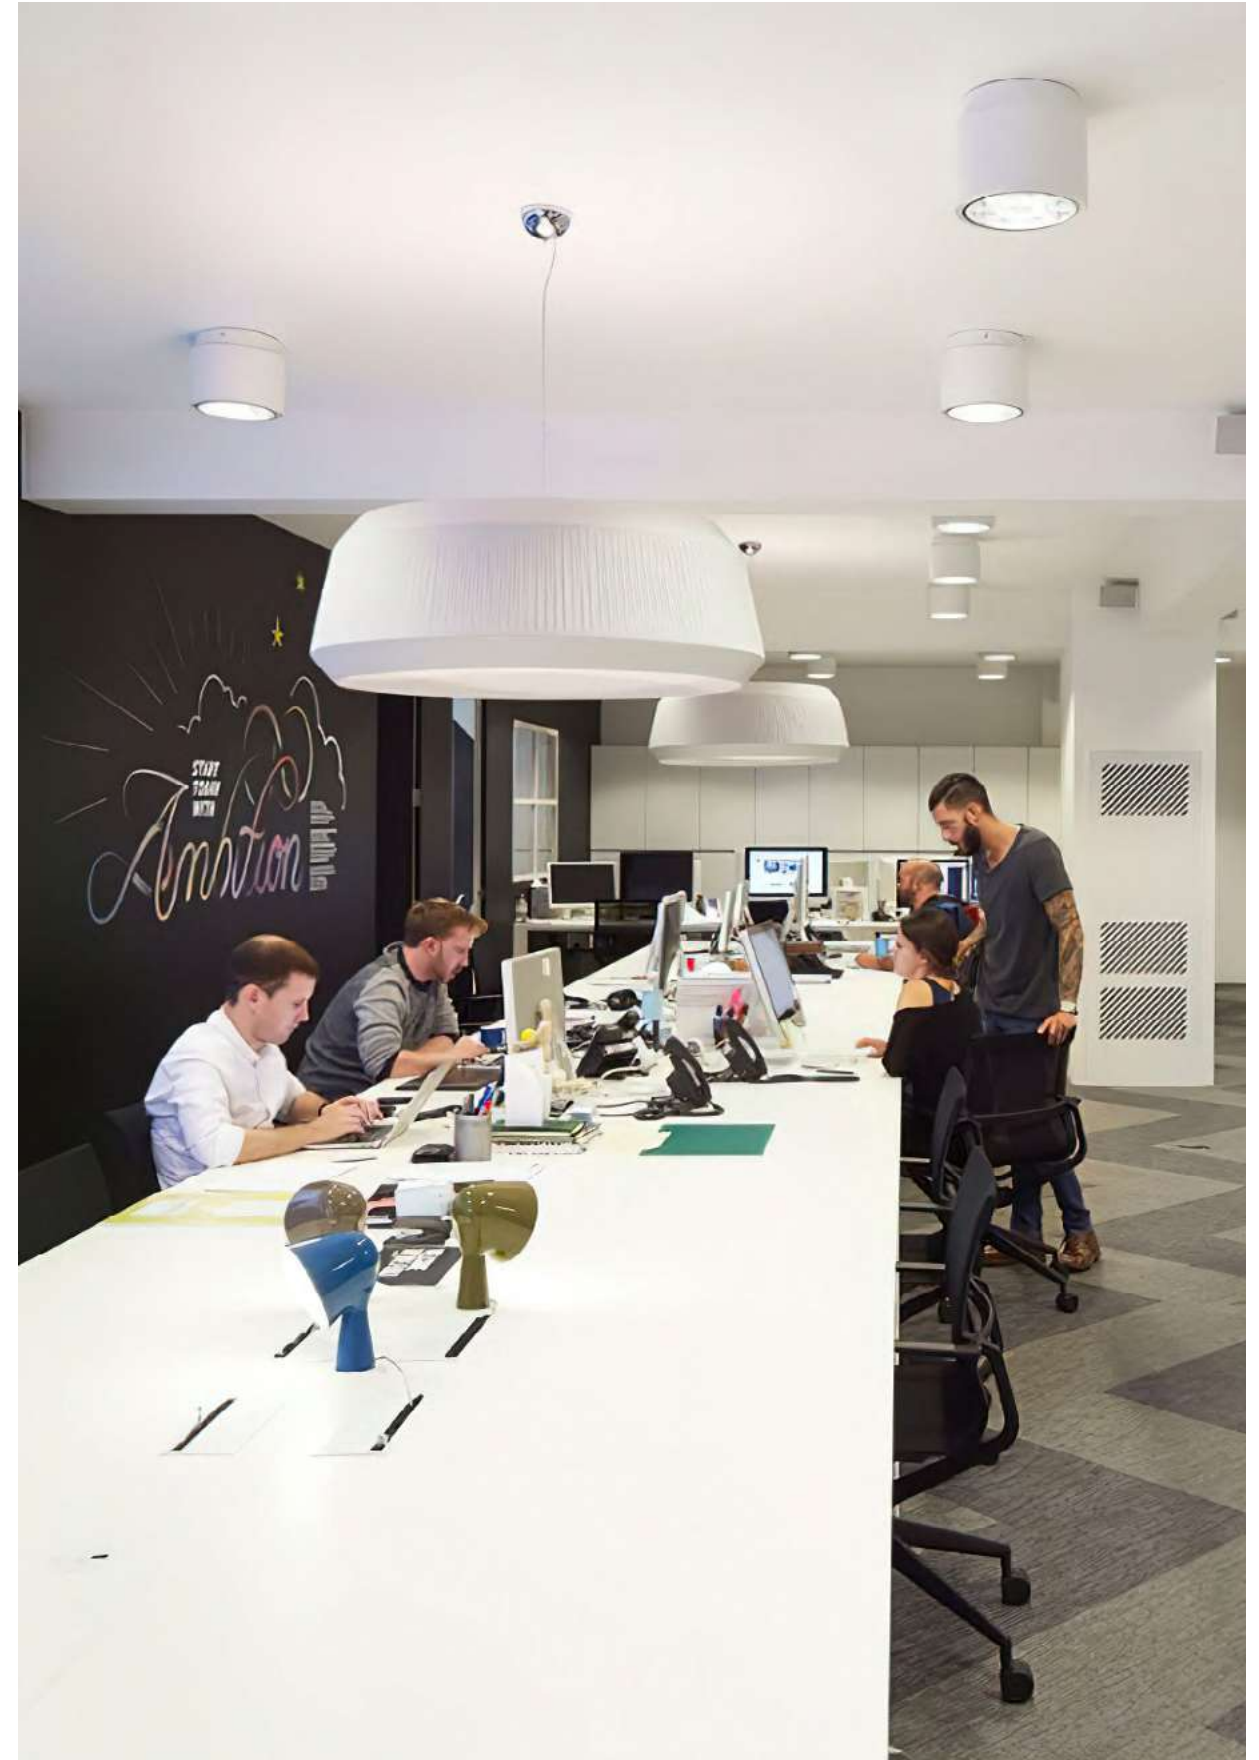

## Fold 7 Offices - London

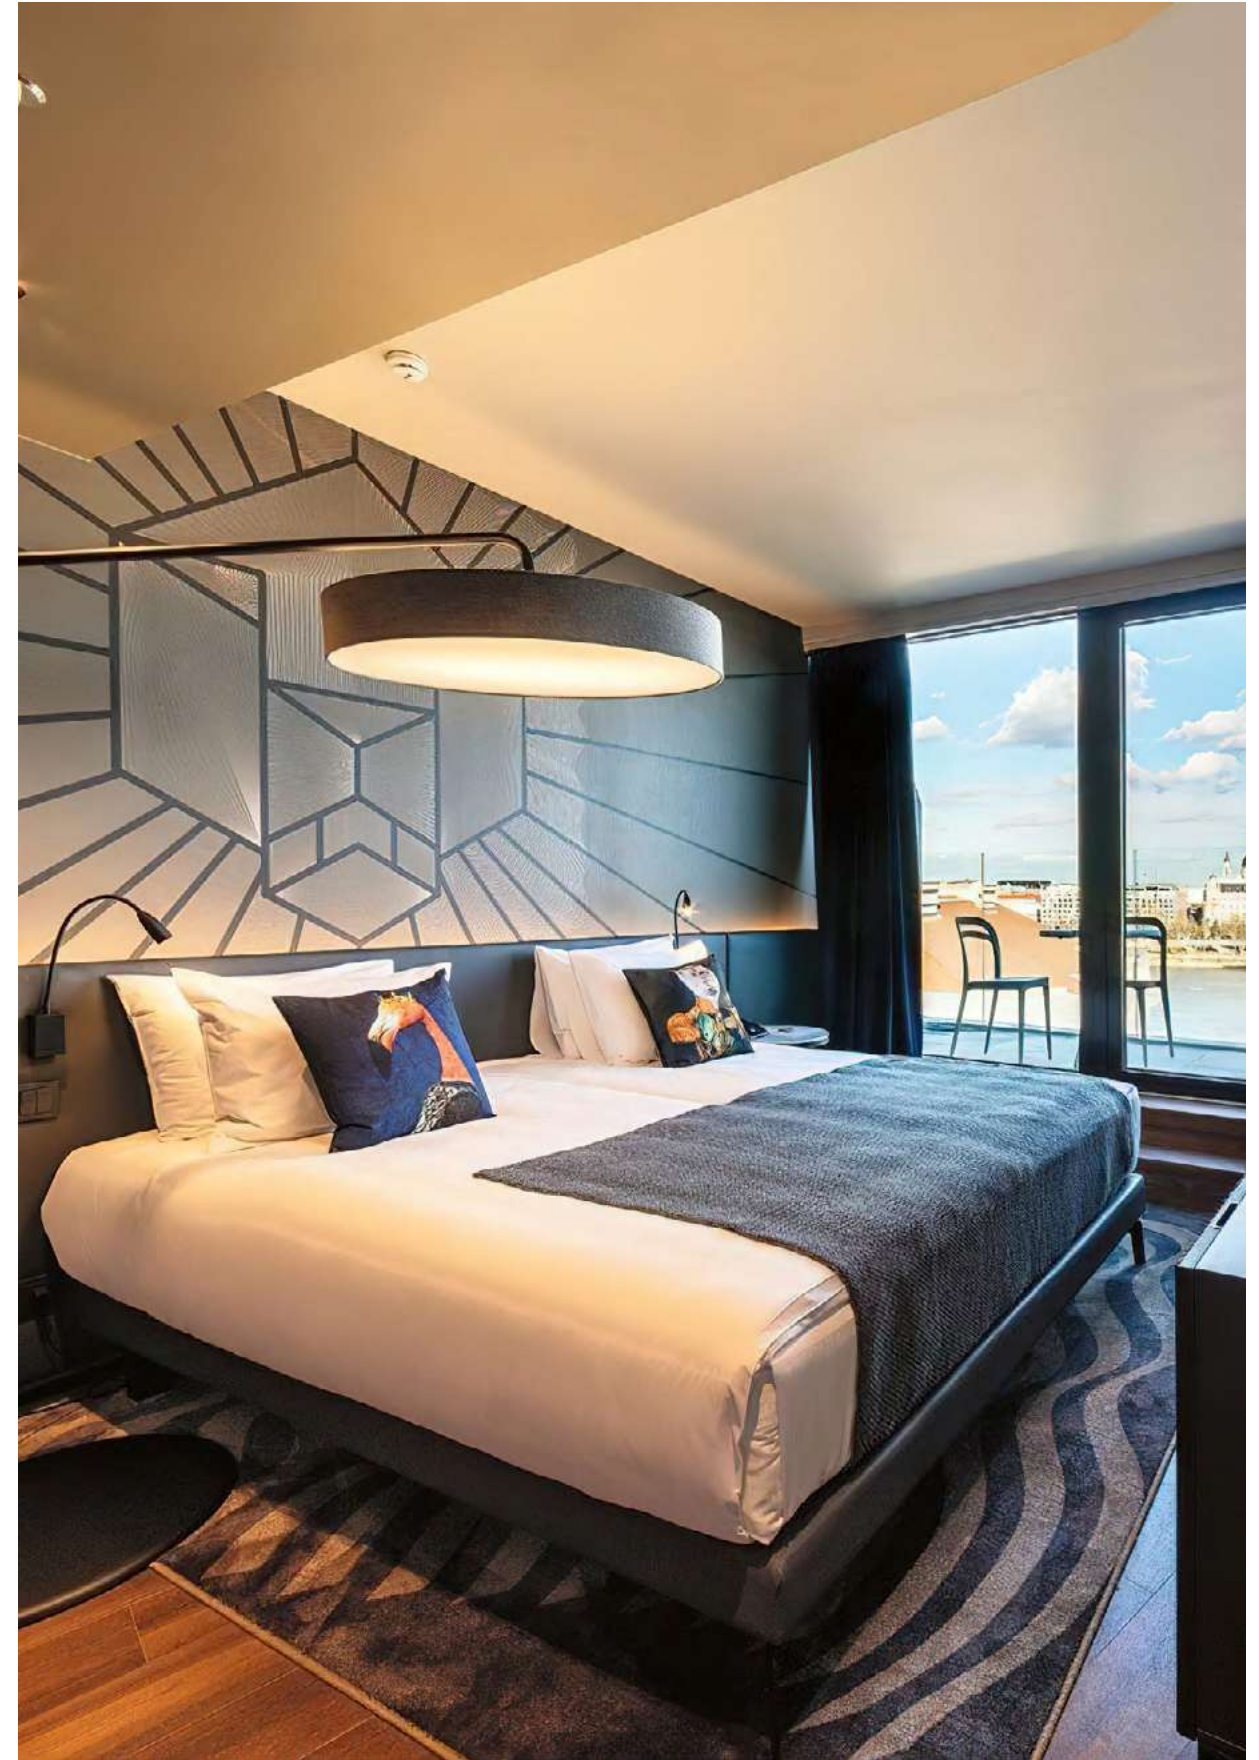

Lighting for the work spaces of an English company with LOTO suspended lamps with pleated fabric shades. A family of lamps where lightness and strength go hand in hand.

## Clark Hotel - Budapest

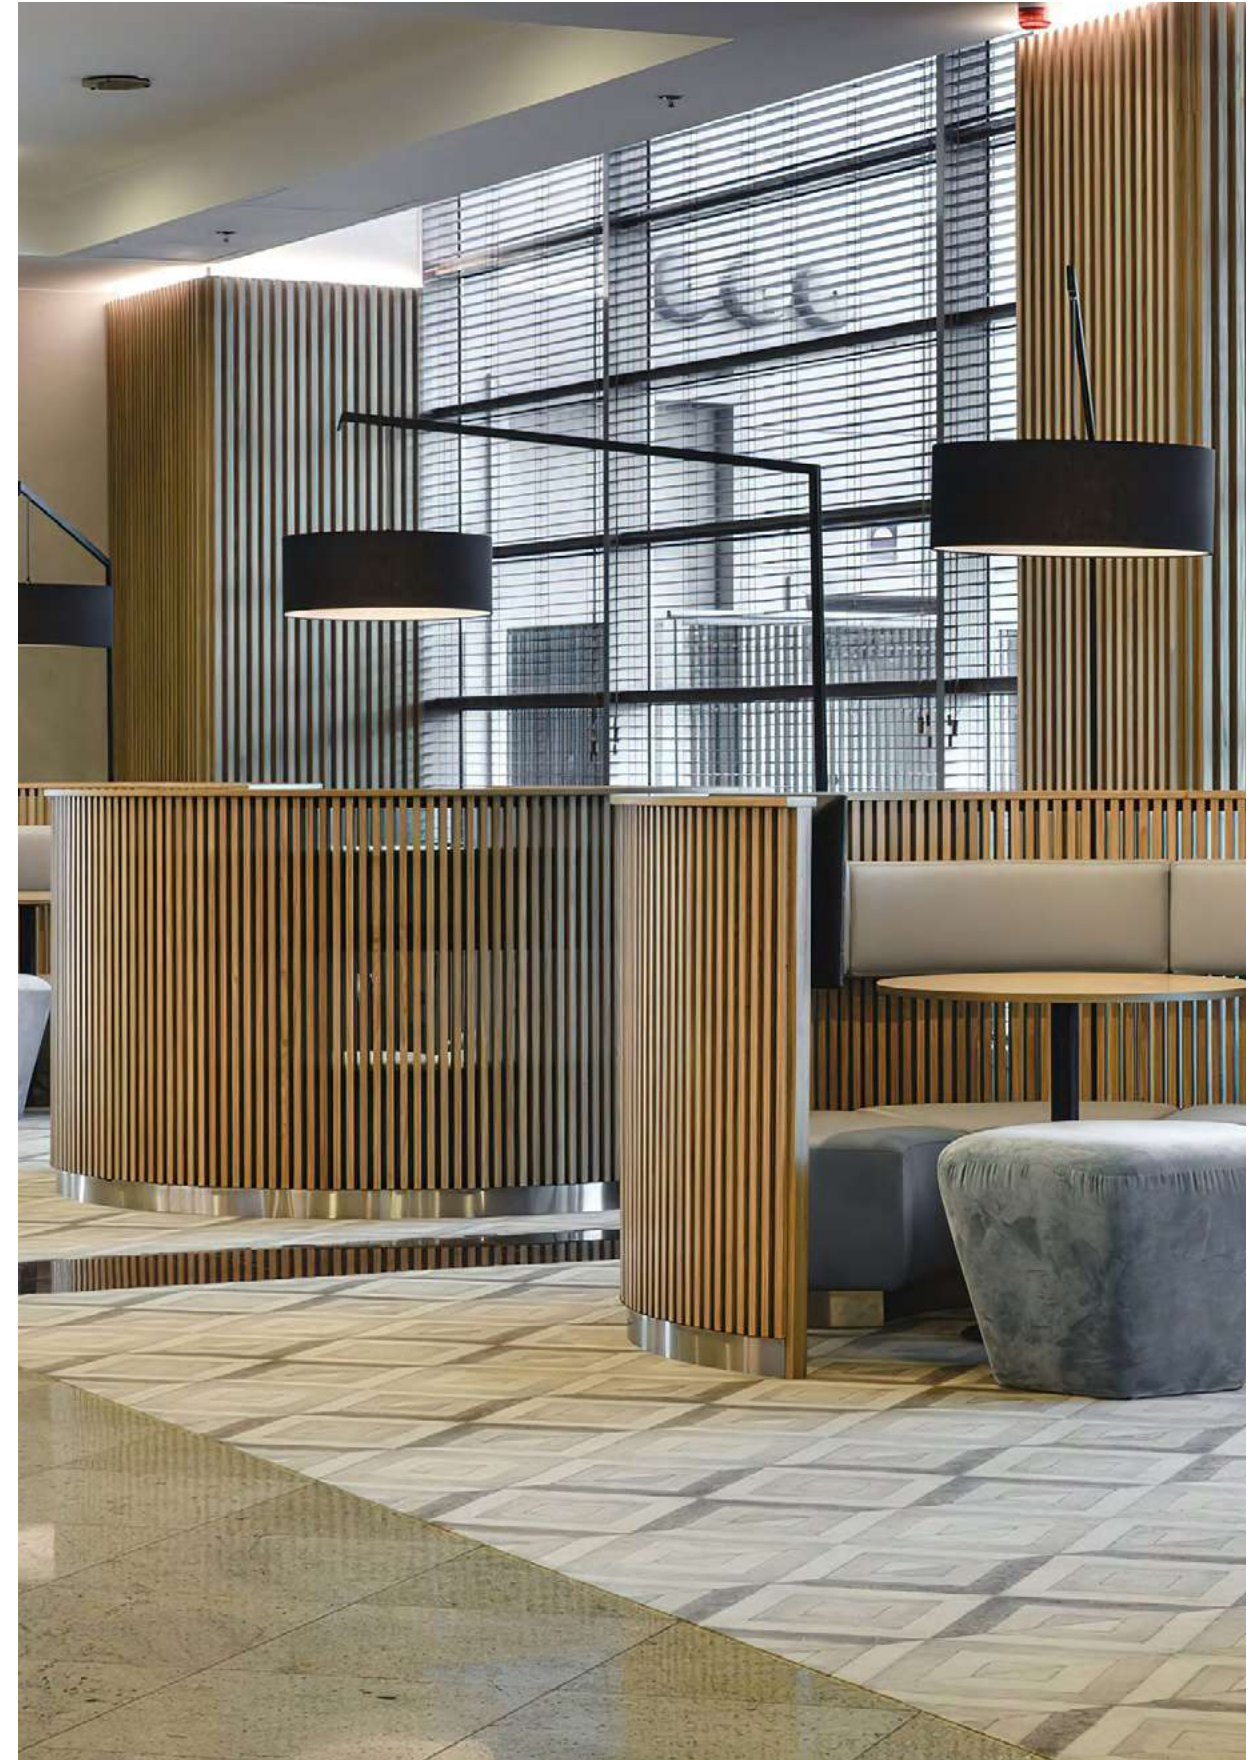

CORNER fits in perfectly in a setting where opulence and minimalism are combined with originality and allure. The vintage feel floor lamp with metal structure and fabric shade embellishes the bedrooms of the Clark Hotel in Budapest.

## Marriott Hotel - Warsaw

The offices and communal areas of the Marriott Hotel are lit by CORNER and DISCOVOLANTE. With the vintage feel of a lamp that recalls the typical lines and simplicity of the 1950s, or a circle of light embellished by a band in fabric.

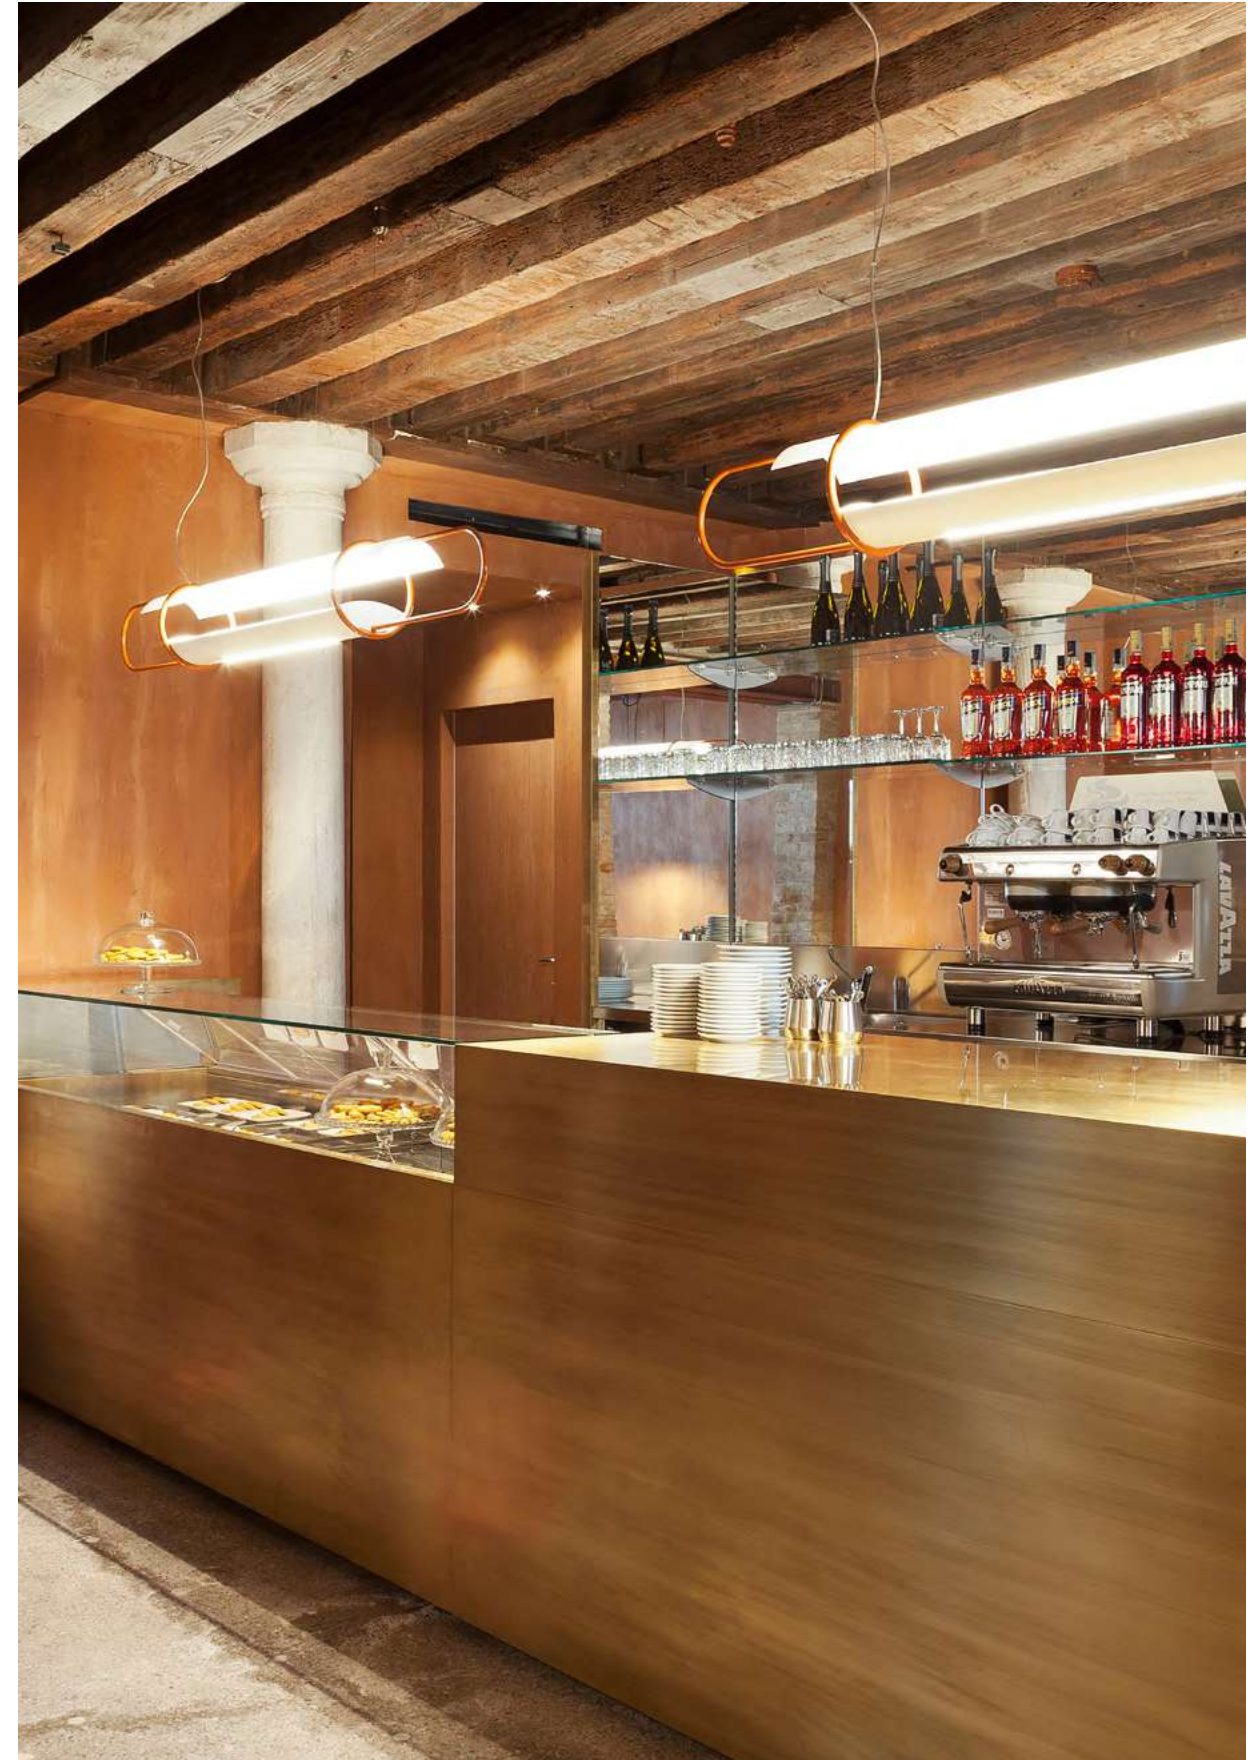

## Caffetteria Museo Ca' Pesaro – Venice

CLIP suspended lamps light the new Caffetteria Museo d'Arte Moderna Ca' Pesaro in Venice. A play on symmetries and a simple, almost imperceptible metal line, make the lamps perfect as functional room light.

## Private Company – Tel Aviv

Company office lighting in Tel Aviv.

## Resort Villa Arcadio - Brescia

Among the hotels in Salò and the resorts of Lake Garda, Villa Arcadio is the perfect place for enjoying the nature and the scenery of Lake Garda. The outdoor spaces of the restaurant enjoy the diffuse light effect of Campanone lamps, which become suspended lanterns on summer nights.

## Lokal Restaurant – Stiftung Lokremise – St. Gallen

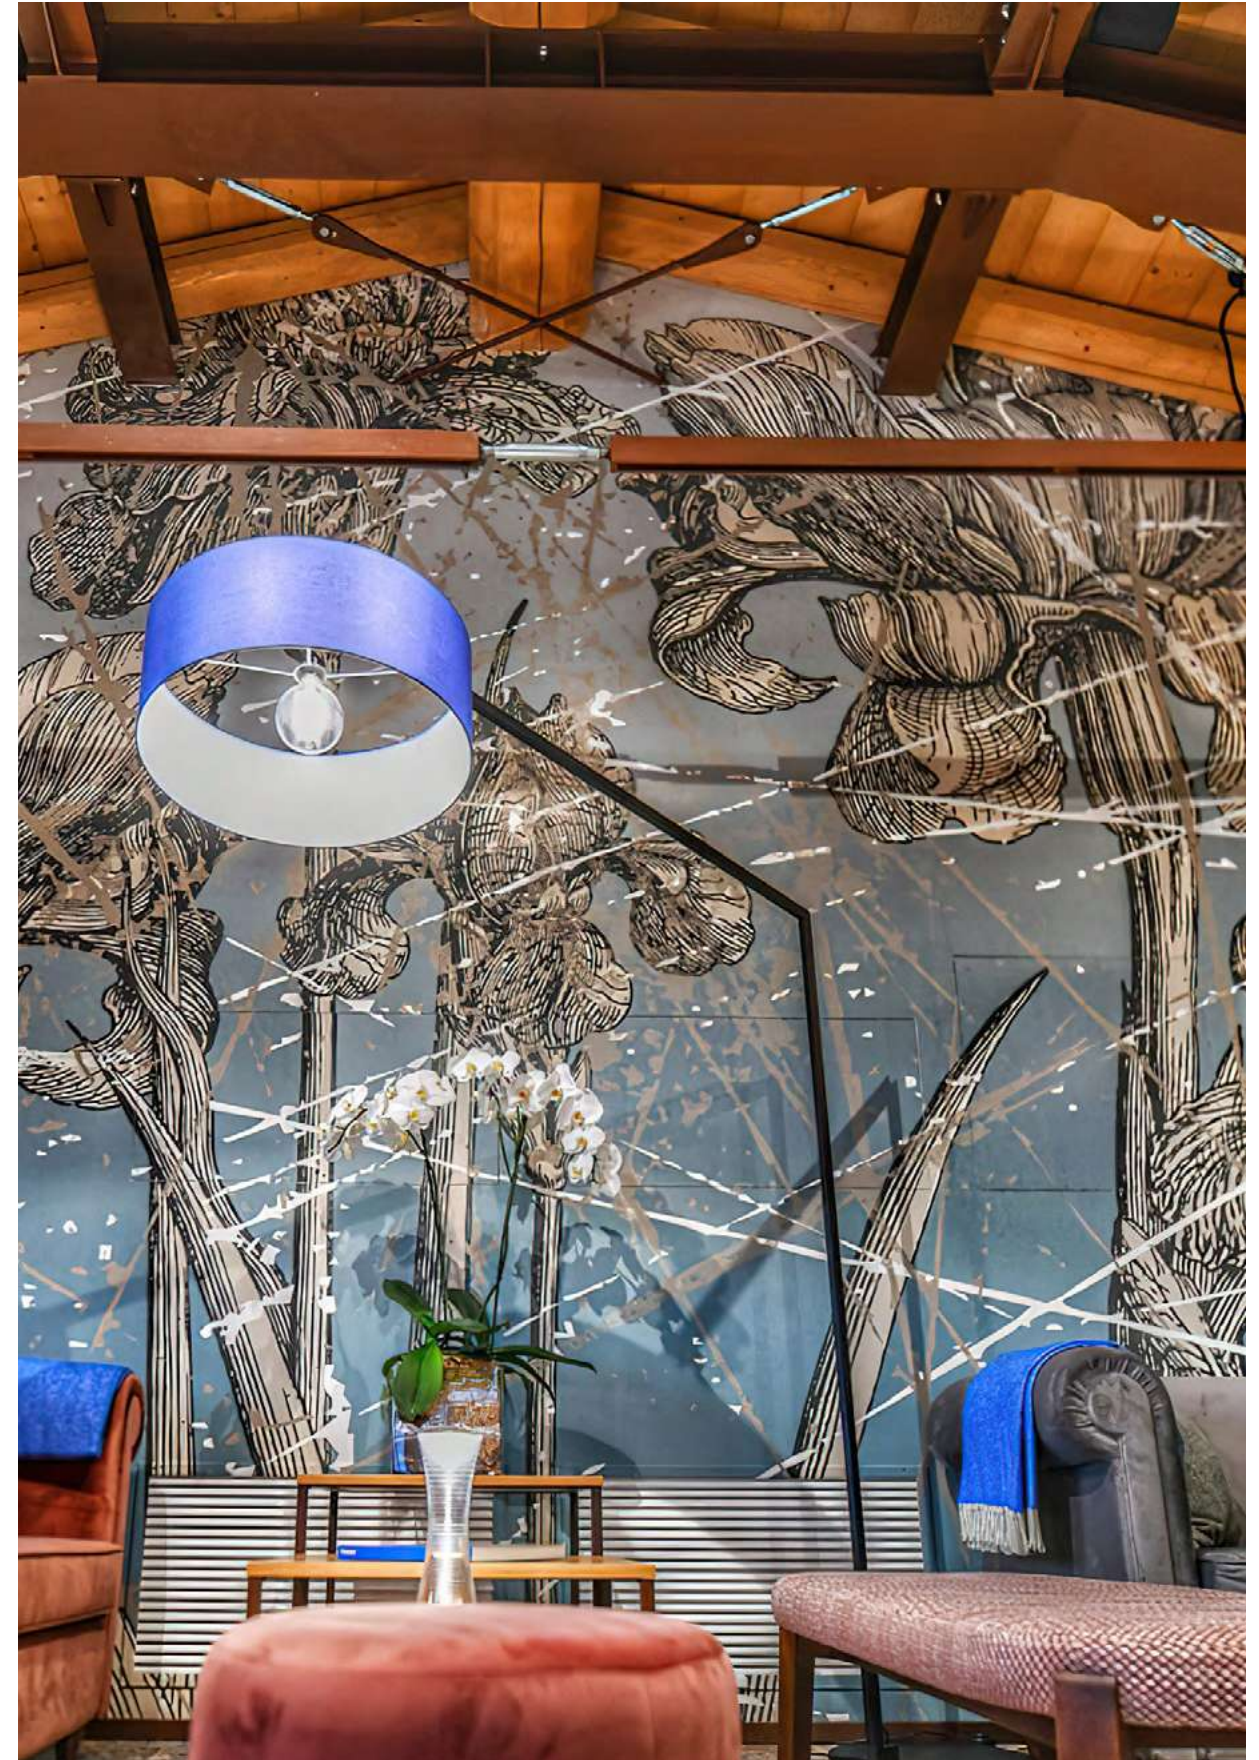

A classic yet up-to-date style, CILINDRO, in black cotton, lights the Lokal Restaurant – Stiftung Lokremise. The wide range of fabrics for CILINDRO also offers acoustical comfort in the soft velvet version.

## Elephant Restaurant - Garda Lake

A dreamlike visual experience in the refined and relaxing ambiance of Elephant Restaurant. The unique view is a backdrop to the interior design, which combines modernity with simplicity, thanks to Florinda Desnuda suspended lamps.

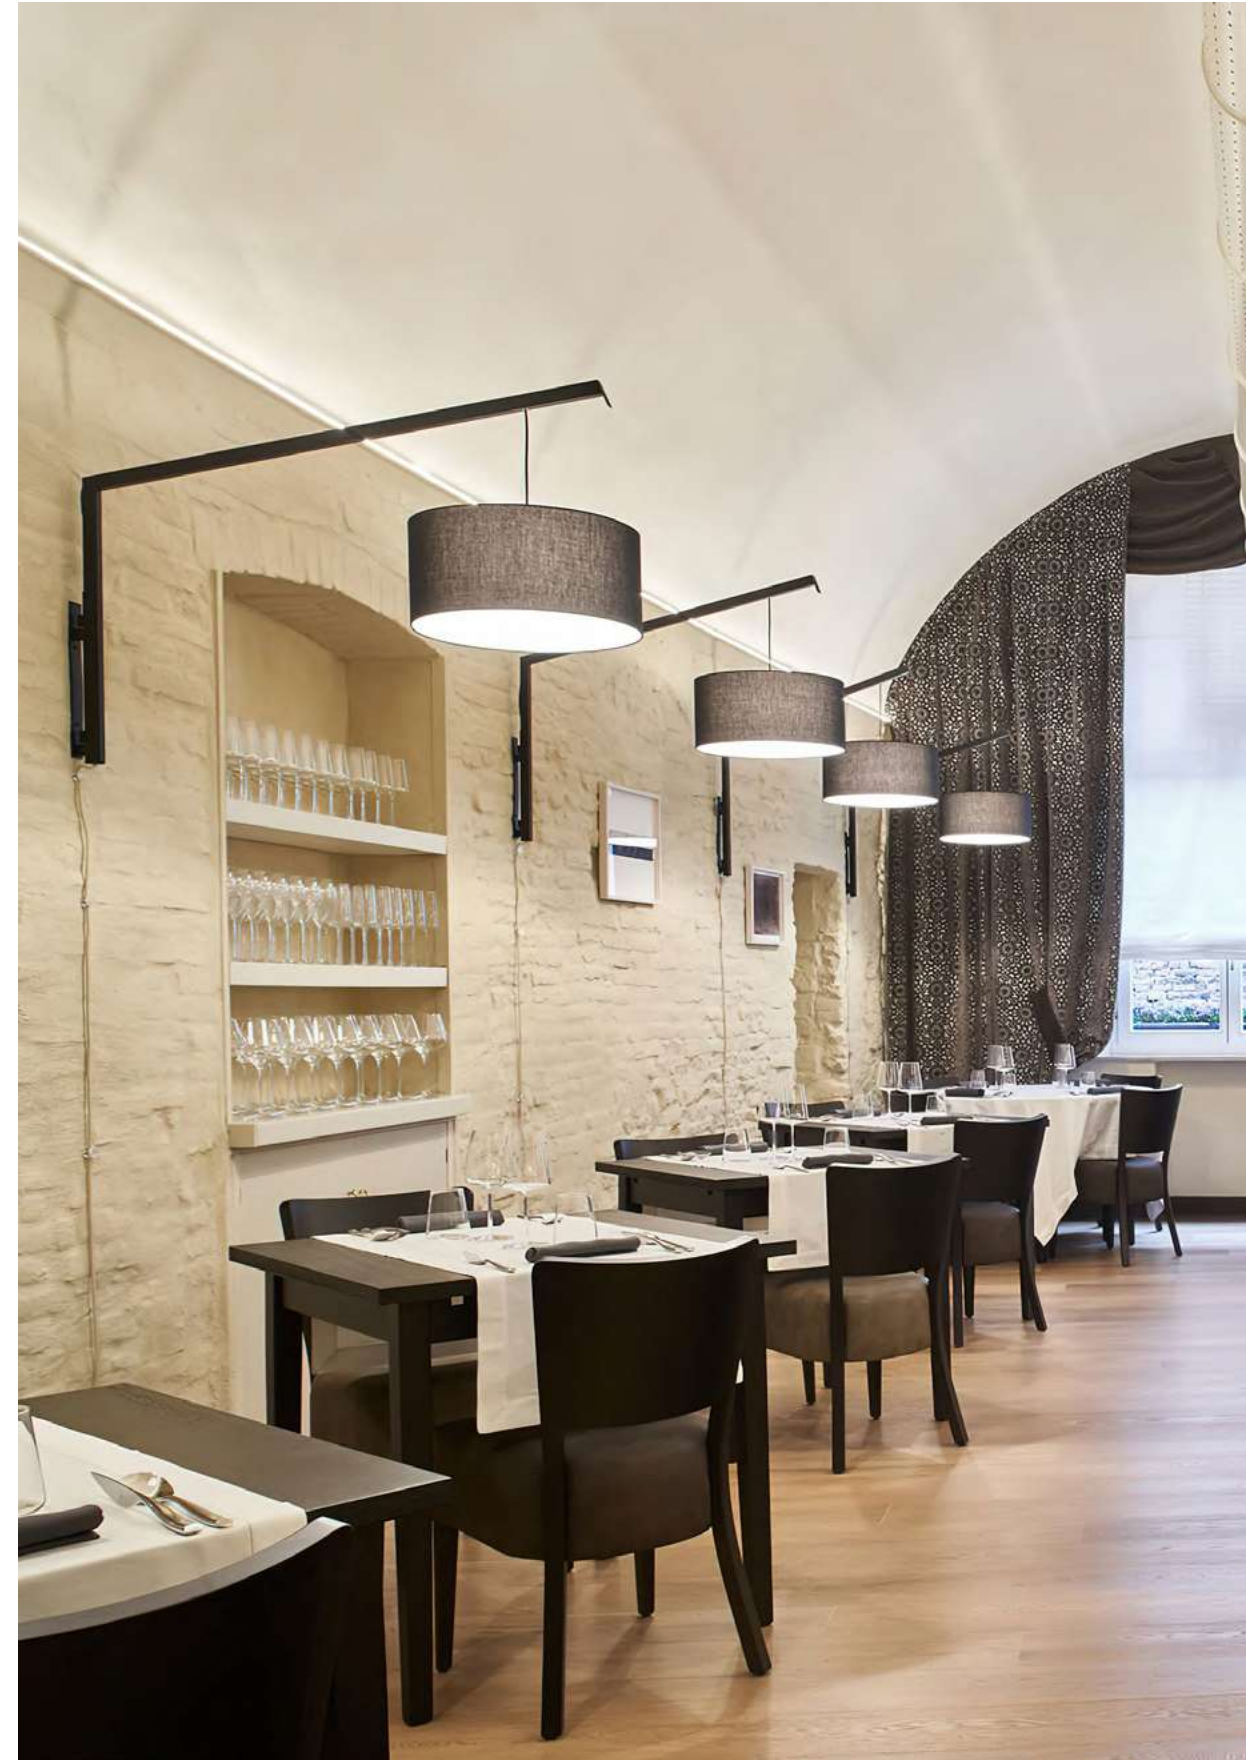

## Mugolone Restaurant - Siena

Mugolone restaurant in Siena is lit with ANGELICA wall lamps, which highlight the centre of the scene and create a relaxing and refined atmosphere.

## Sanofi Headquarter - Singapore

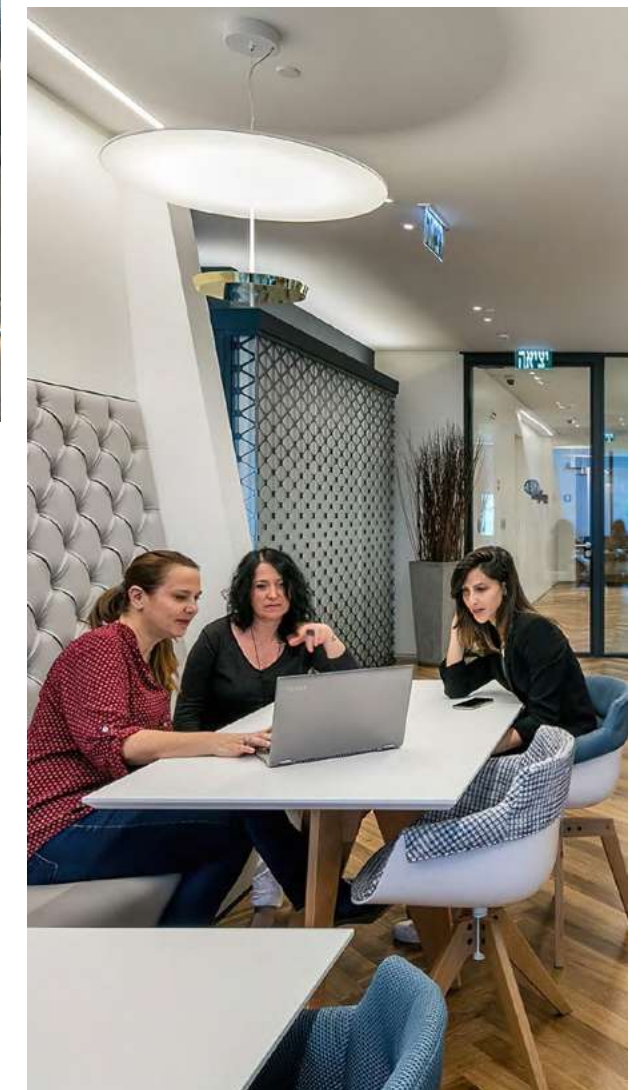

Research and innovation. Two characteristics that are shared by Sanofi Aventis pharmaceutical industry and RETTANGOLO, CORNER and BOLLA, chosen to illuminate the Singapore branch.

## Newcom Offices - Tel Aviv

Newcom's communal areas and restaurant in Tel Aviv are lit with OMBRELLA lamps, in painted metal. The interplay of glints and reflections between the two layered surfaces illuminates the space directly with a warm, diffuse light.

## Civic Center - Walkerville

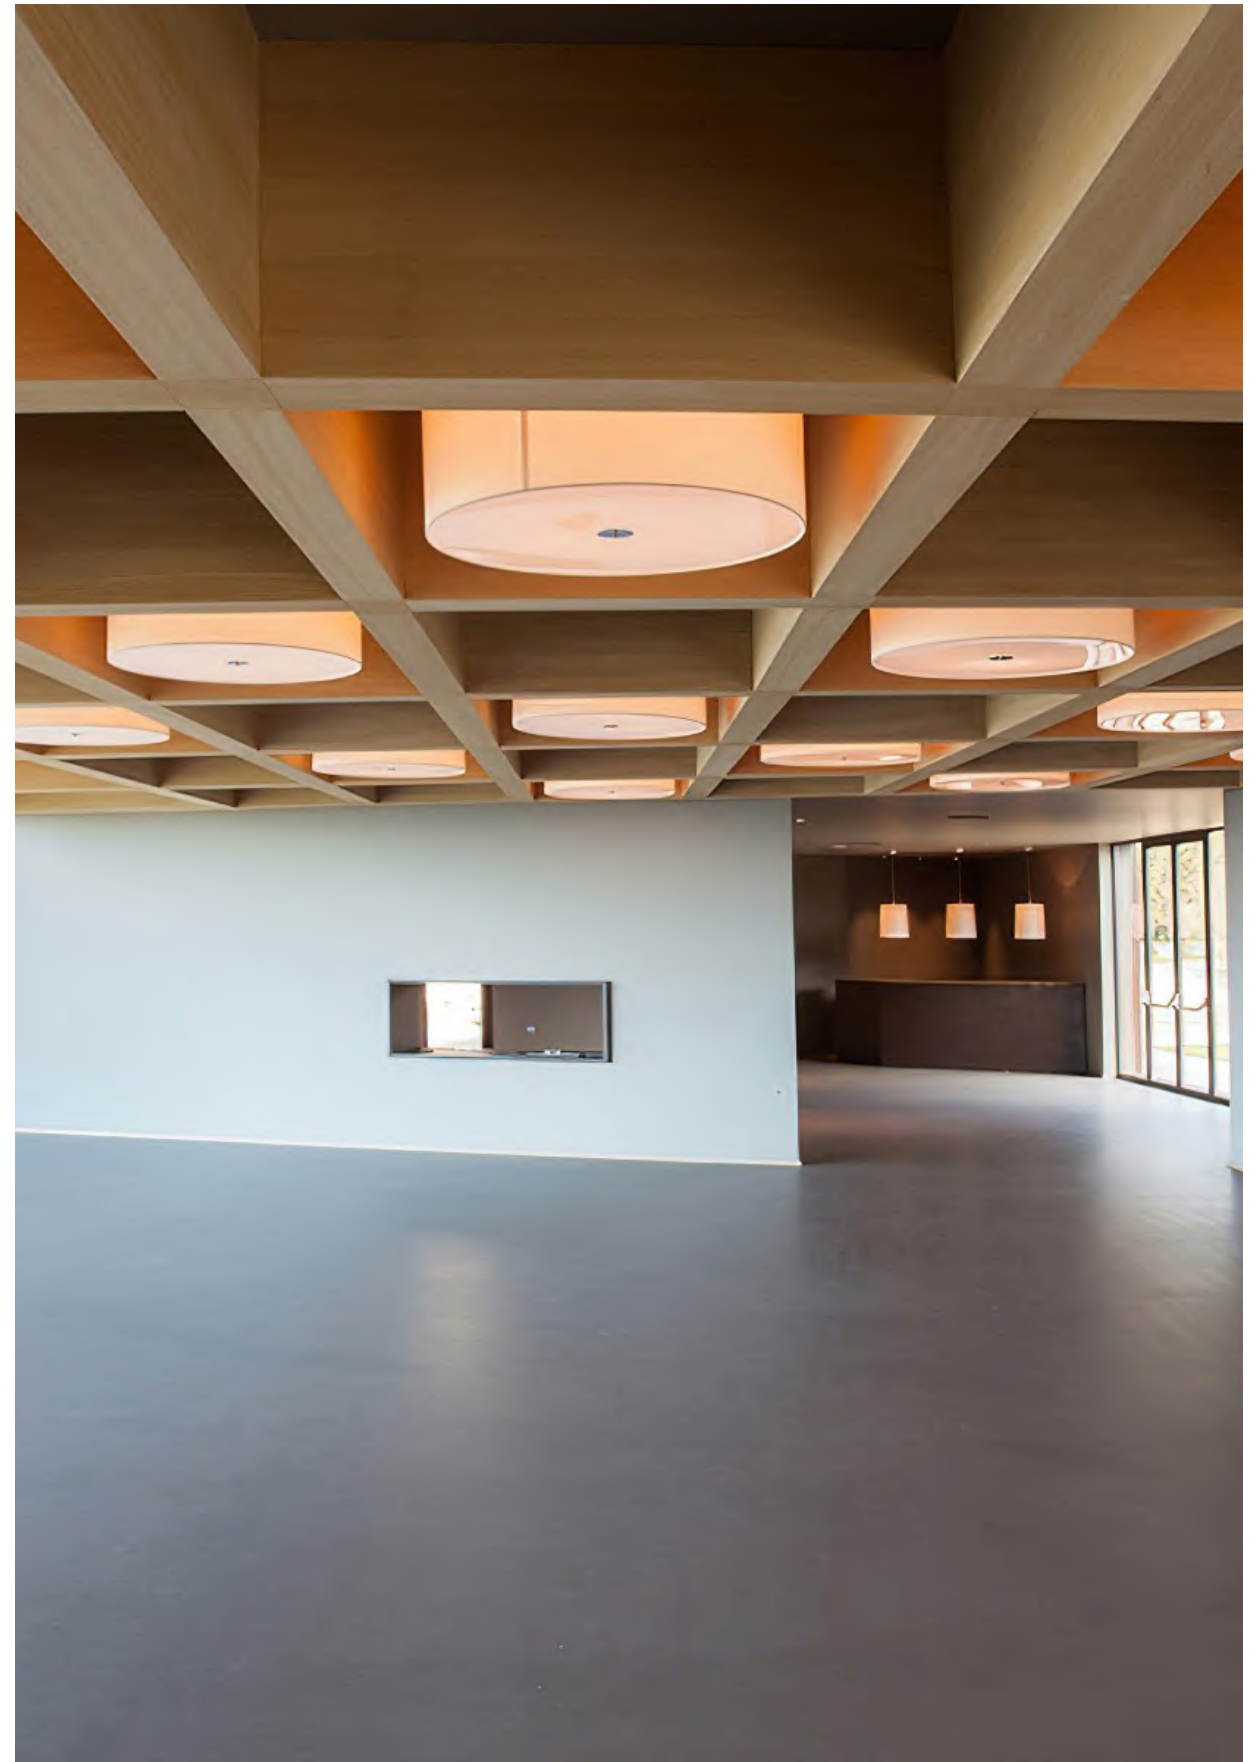

The Civic Center in Adelaide, Australia, is perfectly suited to MILLELUCI lamps, rich in details and with the contemporary feel of the classic lampshade. The conical-shaped shade is upholstered in fabric and the sizes of these lamps make them ideal for large spaces.

## Barricaia Ferrocinto - Cosenza

Cantina Ferrocinto is located in Vigne, in the area of Castrovillari, known also as Conca del Re. The commercial spaces are lit by the classic yet still contemporary style of CILINDRO suspended lamps in fabric.

## LinkedIn Headquarters - Milan

The LinkedIn offices in Milan are lit by the RING and LOTO collection. The former, in removable lycra, recalls the typical geometries of the 1950s. The latter is a family of lamps where lightness and strength go hand in hand, thanks to its large shade in pleated fabric.

## Starbucks Headquarter - Milan

The outdoor spaces of Starbucks in Milan are illuminated by DIOGENE lamps with rechargeable LED light source.

## Building Hall - Toronto

Be welcomed by a forest of lights with BAOBAB, a veritable stylised tree in painted metal, with three or six arms, suspended from the ceiling or rising up from the floor, making for an original, stunning furnishing element. Lighting for the entrance hall of the building in Toronto.
